

How to use

X-ways

New Push-Button Pedestrian Crossings

pedestrians

drivers

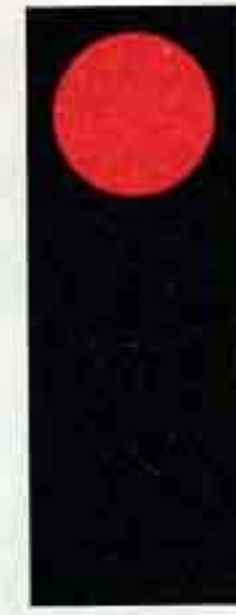

**drivers
will
see
this**

white x

amber

red

flashing amber

white x

meaning

proceed

stop

stop

give way

proceed

drivers
have
priority

unless
unsafe
to do so

pedestrians
are
crossing

pedestrians
have
priority

drivers
have
priority

pedestrians

**will
see
this**

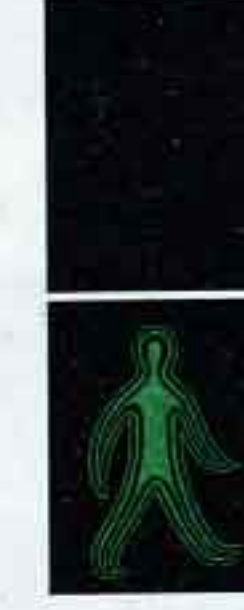

red

red

green

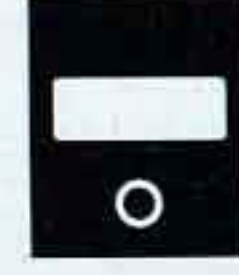

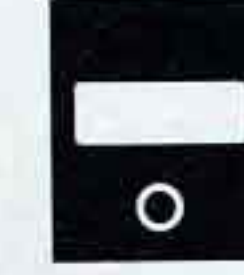

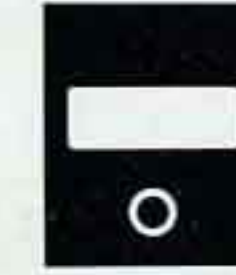

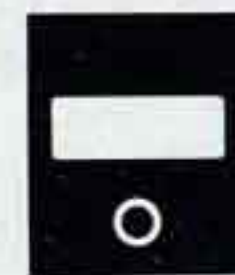

flashing green

red

...and this

meaning

don't cross

wait

cross

cross
with care

don't cross

press
push
button

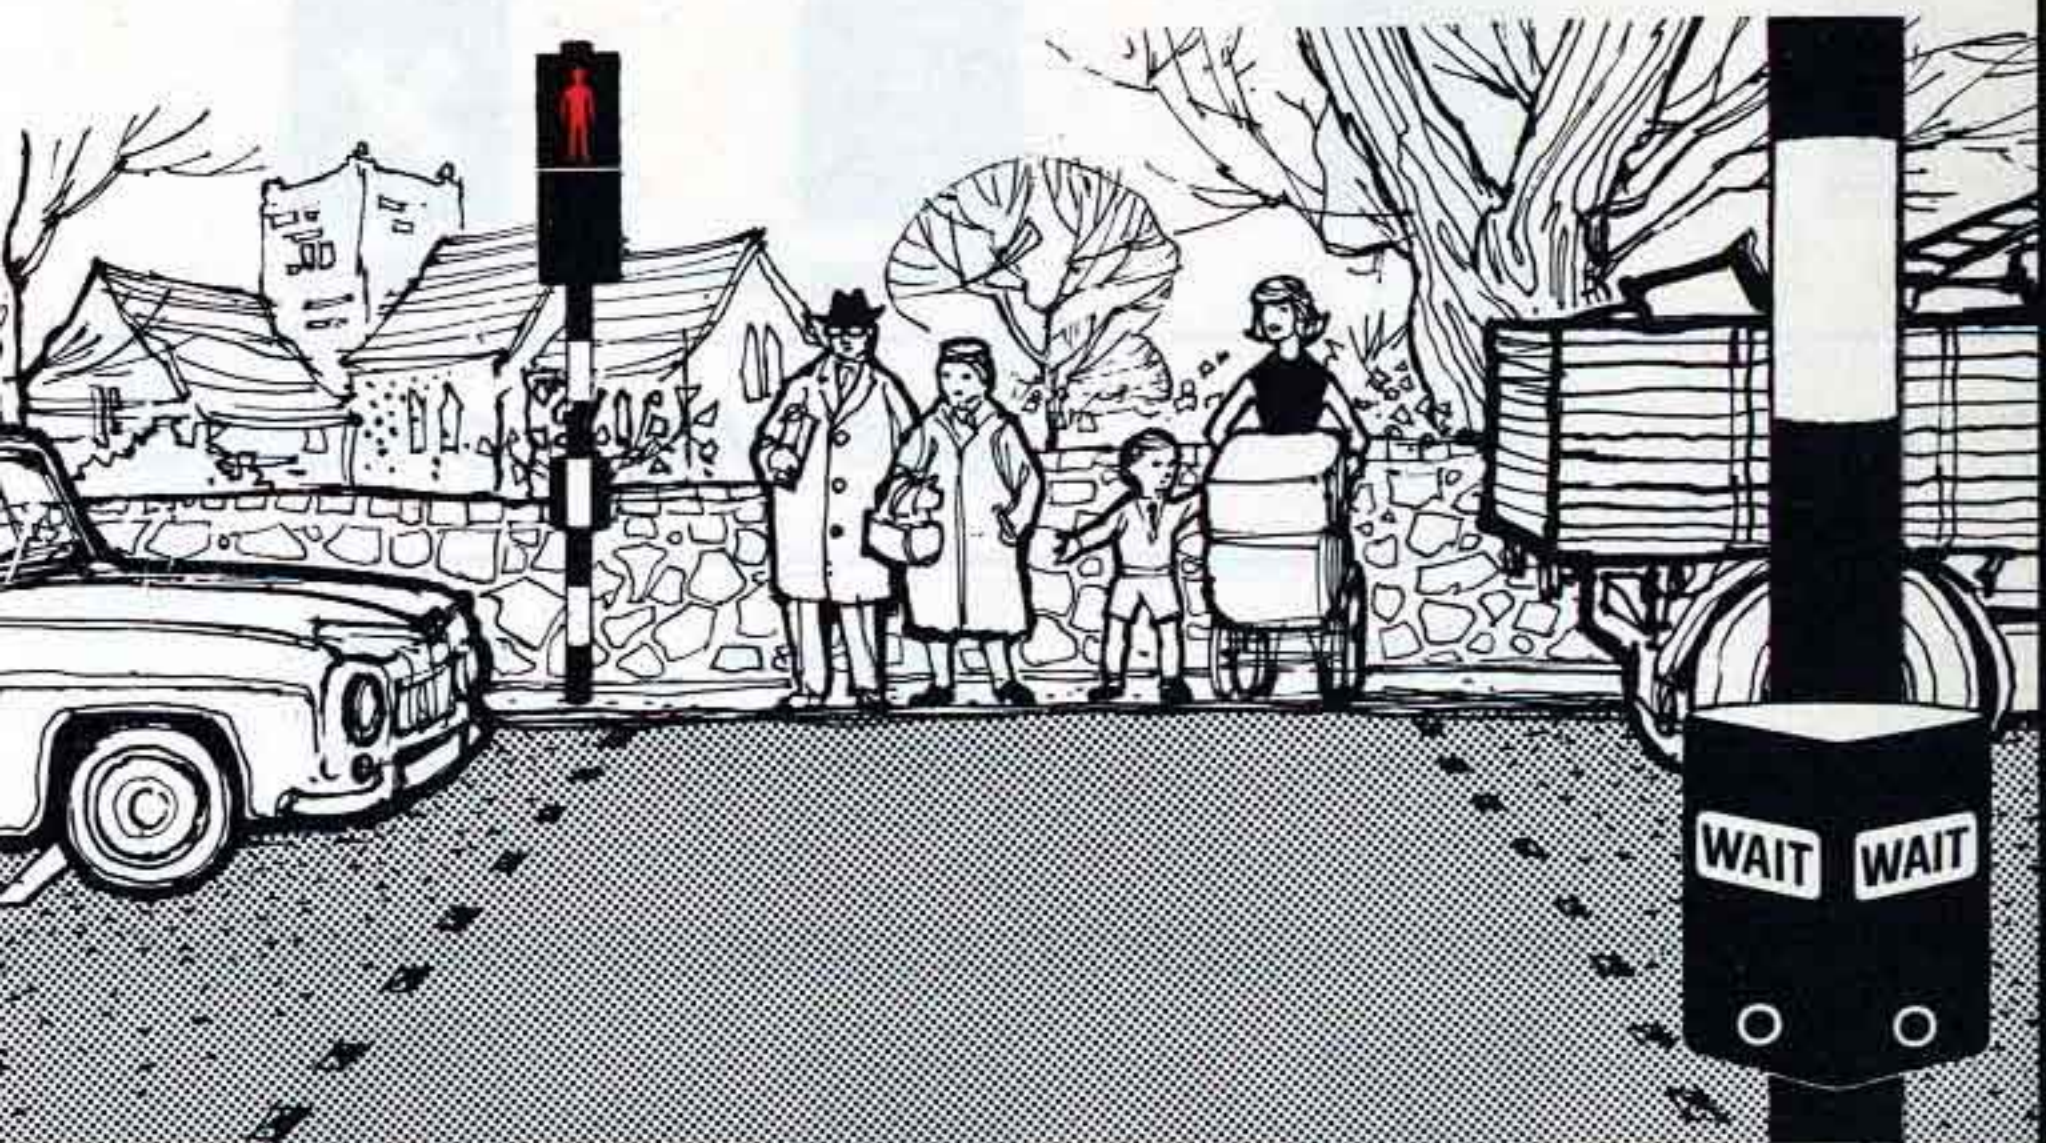

for the
green signal
-drivers have
priority

vehicles
are
stopped

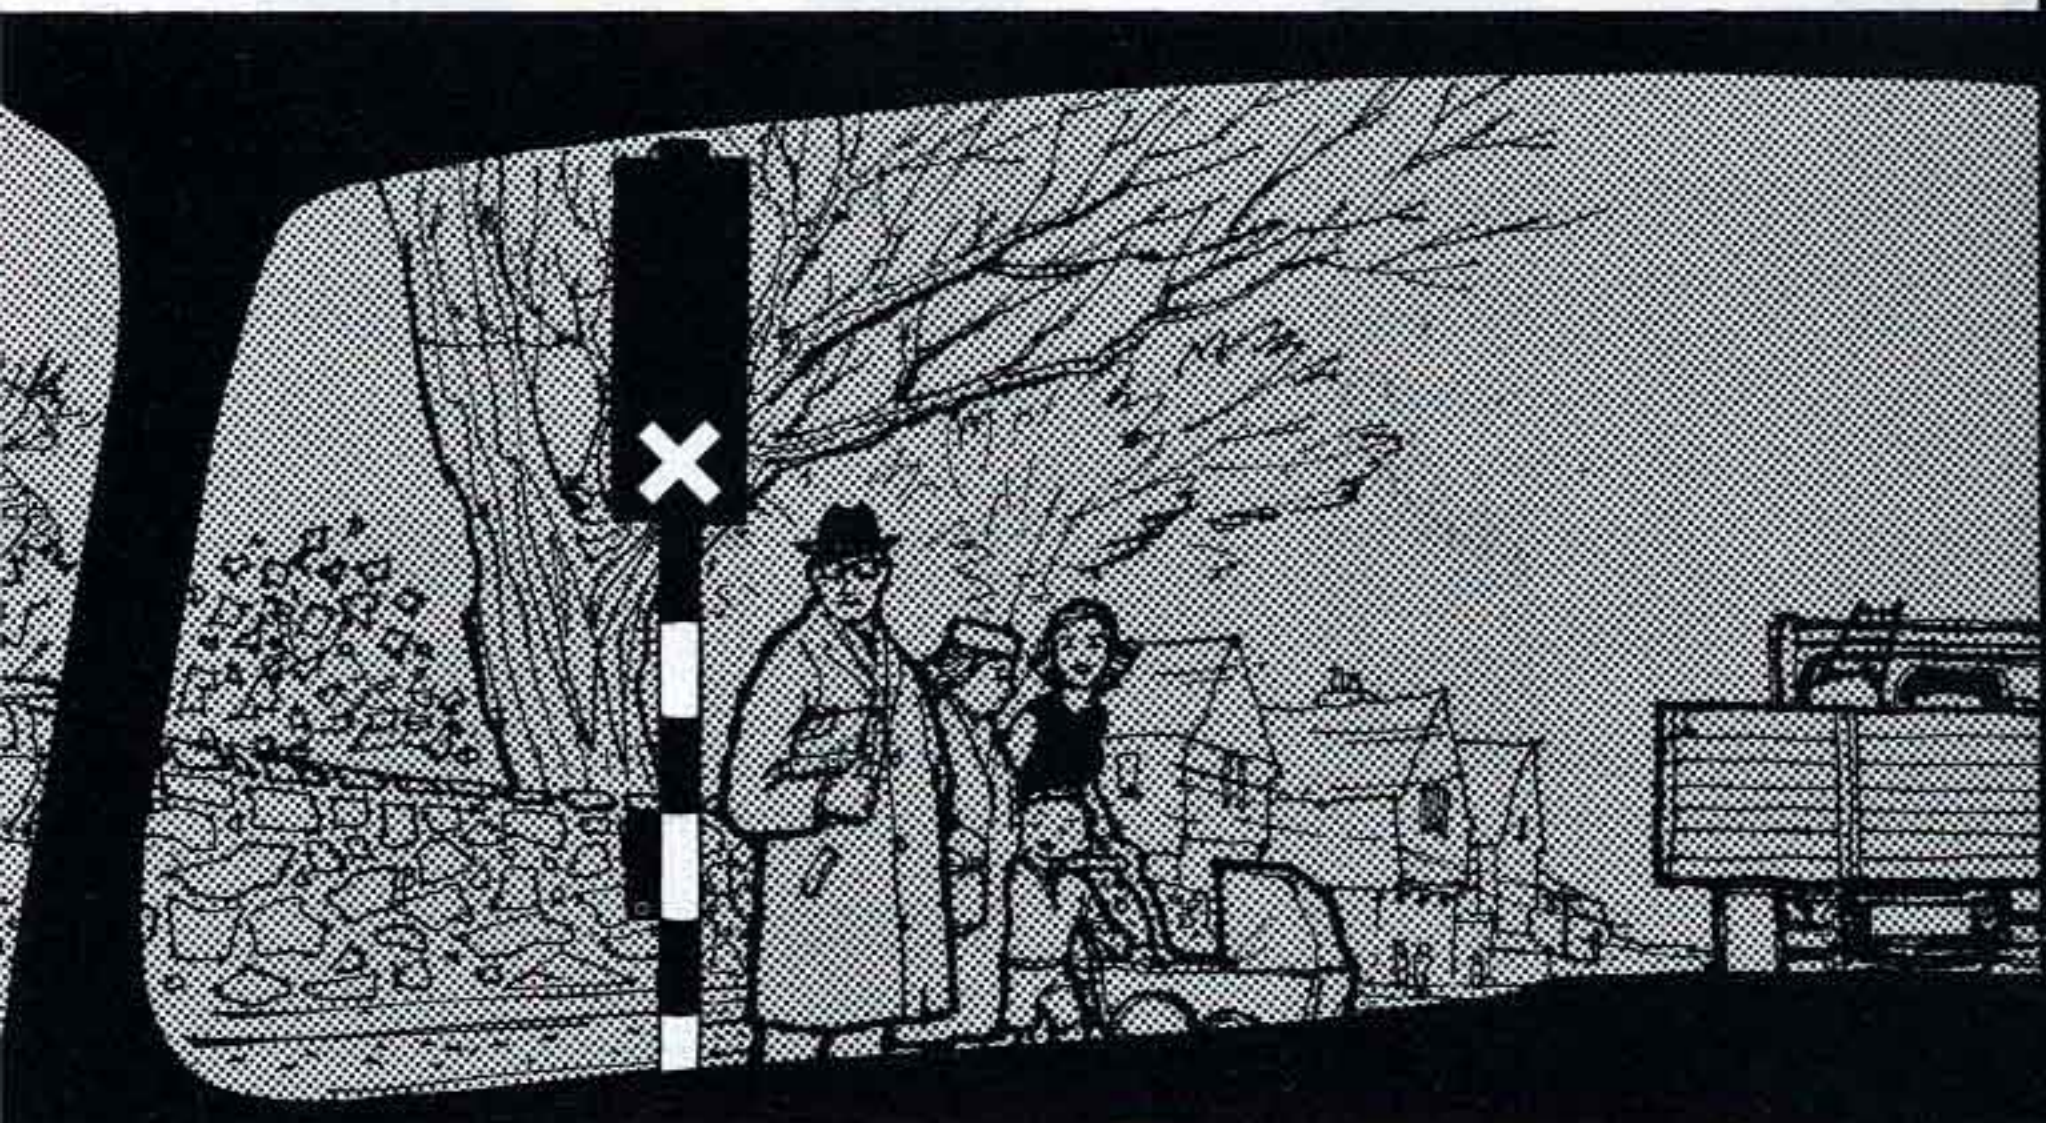

drivers to
give way

drivers
have
priority

These new **X-WAYS** are designed to help both pedestrians and drivers. For everyone's sake use them carefully.

pedestrians - do not cross until you see the green signal opposite.

drivers - you may proceed but watch for the signals changing.
